SUMMARY OF EXPENSES

37. It has been necessary for WKPZ to incur and to pay in advance out-of-pocket expenses in connection with its representation of PDGP during the Application Period. Careful records of these expenses have been maintained by WKPZ. As can be seen from **Exhibit PDG313**, to date during the period, those expenses totaled \$2,254.97.

38. The expenses primarily consist of printing and postage for noticing, and the exhibits on connection with the confirmation hearing.

39. The filing fees pertain to adding creditors to the mailing matrix.

JUSTIFICATION FOR AWARD

40. In an attempt to establish an objective basis for determining the amount of compensation that is reasonable for attorneys' services pursuant to Code § 330, the Fifth Circuit has instructed the lower courts that they must explain the findings and reasons on which an award of professional fees is based.²

² See *In re First Colonial Corp. of America*, 544 F.2d 1291 (5th Cir.), cert. denied, 431 U.S. 904 (1977).

41. To aid the lower courts, the First Colonial court applied the factors originally set forth in *Johnson v. Georgia Highway Express, Inc.*, 488 F.2d 714 (5th Cir. 1974). The *Johnson* factors to be considered in determining the “reasonableness” of attorneys’ fees are delineated below, and WKPZ’s compliance therewith, if applicable, is described following each factor.

a. Time and Labor Required. **Exhibit PDGP310** delineates all of the work performed by WKPZ for which compensation is requested during the Application Period. WKPZ submits that the information contained in the exhibit supports the fees requested and reflects the reasonableness of such fees.

Because this case lasted for more than a year before a plan was confirmed, and while the Debtor evaluated how and when to exit Chapter 11, additional fees were accumulated during the interim period between the approval of the DIP order and the plan process as various operational and/or litigation issues arose.

b. Novelty and/or Difficulty. The issues presented in this case were not novel or difficult. The case was not difficult per se, but did require substantial attention in a compressed amount of time at the beginning of the representation and leading up to confirmation.

c. Skill Requisite to Perform the Legal Service Properly. The attorney(s) and paralegal(s) primarily working on this matter are primarily engaged in bankruptcy practice with significant experience Chapter 11 debtor representations.

d. Preclusion of Other Employment. The time demands of the general representation of PDGP resulted in significant disruption in February-April 2021 and February-March, 2022 and from time to time throughout the case as issues arose with respect to the development of the property including for example easement disputes especially with the adjoining landowner Springer, permitting disputes and things of that nature.

e. Customary Fee. The hourly rates charged for each professional and paraprofessional performing services for these estates are summarized in the table above and appear in the Fee Statements, **Exhibit PDGP310**. These rates are no greater, and in some instances, may be lower, than those being charged by professionals with similar qualifications and experience. The rates used in these cases are the same as those customarily charged by WKPZ for Chapter 11 and Chapter 7 bankruptcy clients. The hourly rates requested herein compare favorably with average costs for similar legal services being provided by national and regional law firms that regularly appear in the Northern, Southern, Eastern, and/or Western Districts of Texas.

Notably, the hourly rates were not increased at the beginning of 2022 for this case whereas the normal hourly rates of WKPZ were increased.

f. Whether the Fee is Fixed or Contingent. WKPZ’s fees are neither fixed nor contingent other than on the contingency of allowance by the Court and availability of assets for

payment. Fees are based on the actual total number of hours worked, less hours written off, plus actual expenses incurred.

g. Time Limitations. This case presented some time limitations, particularly with respect to all activities in the case from February 15, 2021 when the Chapter 11 plan was filed through the approval of the DIP loan, and then in February-March, 2022, and required almost daily and sustained attention by WKPZ. Sustained attention from time to time was required throughout the case as issues arose with respect to the development of the property including for example easement disputes especially with the adjoining landowner Springer, permitting disputes and things of that nature. Also, time was necessary to devote to the PDGP portion or interests in the Westar litigation.

As mentioned above, additional fees were incurred addressing operational and other issues that arose during the course of the case, that likely would or could have arisen outside of bankruptcy and in the normal course of commercial real estate development but which still needed to be addressed during the pendency of this case.

h. Amount Involved and Results Obtained. The fees incurred are very reasonable in relation to the issues arising and work performed to date.

i. Experience, Reputation, and Ability of the Attorneys. WKPZ's primary attorney assigned to this matter has appeared regularly in significant bankruptcy representations since 1997 across Texas and from time to time in other bankruptcy courts across the United States.

j. Undesirability of Cases. WKPZ initially has not found these cases to be undesirable, but rather, considers the issues that have been raised in these cases to be of the type that WKPZ is trained to adequately address.

k. Nature and Length of Professional Relationship with Client. WKPZ possessed no prior relationship to PDGP prior to the filing of this case, except for the filing of The Gateway Ventures LLC case on or about February 1, 2022.

l. Awards in Similar Cases. Based on WKPZ's experience, the fees requested herein are commensurate with fees allowed in proceedings of similar scope for the services rendered, especially considering the volume of litigation involving in obtaining a confirmed Chapter 11 plan.

42. PDGP also would rely upon the explanations provided for the *First Colonial* factors as contained in the prior, interim fee applications.

RESERVATION OF RIGHTS

43. WKPZ reserves the right to amend, and/or supplement this Application.

44. *Furthermore, WKPZ may supplement this Application to correct any numerical or calculating errors, or potential objections, in order to avoid re-noticing and/or re-starting the applicable objection period.*

DESIGNATION OF EXHIBITS

45. The exhibits attached to his motion are designated as exhibits for use by the movant in any hearing involving this matter.

NOTICE

46. Notice of this Application is served upon all parties which appear in the mailing matrix / creditors list available for this case and all registered ECF users who have appeared to date.

CONCLUSION AND PRAYER

WHEREFORE, Weycer, Kaplan, Pulaski & Zuber, P.C., respectfully requests final approval and allowance of fees in the total amount of \$ 90,469.00 and expenses in the total amount of \$2,254.97. WKPZ respectfully requests such other and further relief to which WKPZ otherwise is entitled at law or in equity.
